Establishment of Gujarat Urban  
Development Mission

**Government of Gujarat**  
**Urban Development & Urban Housing Department**  
G.R. No. Urban-2005- 489 - Urban Mission  
Sachivalaya, Gandhinagar  
Dated : 20/1/2006

**Preamble**

Cities and towns have a vital role in State's socio-economic development, transformation and change. Apart from their contribution to the country's Gross Domestic Product (GDP) which is currently more than 55% and their growing role in the global markets cities in India are the centre point of innovations and hub of economic activities. At the same time, most cities and towns are severely stressed in terms of infrastructure and service availability. To cope up with increasing requirement of urban areas the Government of India has launched Jawaharlal Nehru National Urban Renewal Mission (JNNURM) with the primary objective to create economically productive, efficient, equitable and responsive cities.

2. Gujarat, having more than 38 percent urban population and with one of the highest urban population growth, State Government is committed to make these urban centers, a better place to live and work. In this endeavour, year 2005 has been declared as Urban Development year. Hon. Chief Minister has released the Vision Document wherein an announcement was made to form Urban Development Mission.

3. It has been observed that many a times schemes does not yield desired results due to inertia getting set in, lack of continuous monitoring and diminished focus and also due to lack of integration of new knowledge, information, new skills, management and expertise. To overcome this problem and get time-bound result, in many cases, mission-mode approach has been adopted, which has worked successfully. In this regards, five societal missions formed by the GOI in 1980's are excellent examples. In case of urban development, activities are required to be implemented in a time- bound manner with holistic approach and intensive management, wherein expertise of professionals are made available to all ULBs. Further, knowledge, information, project and programme development does require learning from each other and integrating those in each project/ programmes. In this backdrop and to build synergy and avail GOI's funds, it is proposed to form a Mission for Urban Development at the State level.

4. It is understood that urban development is to play a key role in the future socio-economic development of the State as cities/ towns are to become main center for enhanced productivity with competitive advantage. They have to provide excellent and better infrastructure, hassle free life and are to be vibrant, professionally managed towns and cities with integrated delivery systems guided by the principles of good governance and public accountability. To achieve this goal, the mission's objective is to support urban renewal and urban infrastructure development in the given timeframe for attaining better living standards, facilities and creating facilitative environment for people to live and work in the urban areas of Gujarat. The proposed Mission would also extend technological,

financial, managerial, coordination and planning support to ULBs for efficient and effective implementation of project along with sustainability of utility services

## **RESOLUTION**

After careful consideration, the Government is pleased to establish **Gujarat Urban Development Mission (GUDM)** with its Headquarter at Gandhinagar.

2. The main functions of **GUDM** would be to provide technological support; financial assistance for different projects in urban sector; raising funds from GOG, GOI and other financial institution; co-operate and collaborate with national and international agencies, departments of state government; launching large scale IEC and awareness programs, review and monitor the ongoing projects and to develop urban leadership and capacities of ULBs.

3. The **Gujarat Urban Development Mission** shall be established as a Registered Society and shall be registered under the Societies( Registration Act) 1860 and Bombay Public (Trust) Act, 1950 .

4. The **Gujarat Urban Development Mission(GUDM)** shall work as State Level Nodal Agency (SLNA) for the purpose of JNNURM. The SLNA would *interalia*, perform the following functions:
